

SENATOR FRED DYSON

SPONSOR STATEMENT

SJR 2

Supporting the governor's efforts to protect the state from federal incursion and to manage the state's resources; and urging the federal government to limit the use of federal powers to those enumerated in the US Constitution.

Alaska has entered a period of extraordinary efforts by certain federal agencies and environmental groups to lock up Alaska's resources. SJR 2 affirms the broad support of Alaskans and their elected leadership for Governor Parnell's strategy to vigorously defend the State's ability to develop and manage its own resources, protect its sovereignty, foster economic opportunity for our citizens and urge Congress and the President of the United States to limit the unprecedented federal government overreach that threatens our economic future.
